Privatization Policy Board  
c/o Kent Dee Beers, Director of Purchasing  
Division of Purchasing and General Services  
Department of Administrative Services

Dear Board Members,

As chairs of the Government Operations and Political Subdivisions Interim Committee, we request that the Privatization Policy Board study whether to privatize the sale of surplus state vehicles.

The Legislative Management Committee assigned this issue to our Committee. The issue comes from item 100 in S.J.R. 15 Master Study Resolution, which passed during the 2010 General Session. In accordance with the Board's duties outlined by Utah Code Section 63I-4-202, we believe this is an appropriate request and would appreciate receiving the Board's perspective on this issue.

We would like to hear your findings during the August 18, 2010 committee meeting. Please contact us or our committee staff if you have questions about this request.

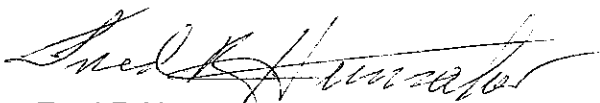

Thank you in advance for your thoughtful efforts.
